I CAN LOOK BACK ON MY EARLIER LIFE AND SAY  
THAT I WAS ONE OF THE FORTUNATE ONES.

I didn't know suffering, grief, hard times, or any of the other things that many people go through in their childhood. I realize now that you can never really judge how your life is going to turn out from looking at your past.

When Clare Fletcher unexpectedly received a diagnosis of paralysis, she was left with little hope. Then, her husband walked out. She spent nine years waiting on God to provide for every need after she was called out of the workforce. But through it all, Clare held onto God's promise that he would restore all that was lost.

*Born to Walk by Faith* takes you on a journey of true childlike faith — a faith that operates outside of circumstances and opinions and dares to believe everything God says. *Born to Walk by Faith* will grab you with its simplicity, challenge you with intimate truths about God, and inspire a longing to be that five-year old child who sits on Daddy's lap. You will learn that nothing, indeed, is impossible for God.

CLARE FLETCHER has been walking in childlike faith since God healed her from paralysis more than ten years ago. Her passion is to see others experience God in the same way and to truly understand him as Daddy. Clare was born and raised in the Caribbean and currently resides in California.

ABOUT THE BOOK

# Book excerpts

“ Indeed, God determines the place and sets the boundary where man resides, and we have no control over his decision. Our destiny is so prearranged by him that we can do nothing to thwart his plans and purposes as we discover our place in this magnificent work of creation, a position that has been assigned “pride of place” by our Creator, the worth of which is only truly realized by us when we acquiesce to his gentle but persistent call to allow him access to our hearts. - *Foreword by Lendell Newton, Kingdom Restore Ministries*

“ Trials can make or break us. If the trial makes us, at the end of it we often realize that we have grown spiritually and are much closer to God and recognizing who we are and what we are made of. Unfortunately, we often then put God back up on the shelf until our next crisis.

We need to wake up! God is into preventative measures. He doesn't like the postpartum stuff. Yes, he will always be there for us, but if we are seeking God and making sure that we are wrapped up in him, he will have the opportunity to prepare us to be able to face the next trial. That is what we do with our children. We try to prepare them for life. We know that triumphs and trials will come, so we prepare them for both, hoping that they will become stronger, better individuals who can weather any storm. - *Book excerpt*

“ Instead of the suffering driving me away from God, it drove me toward God. I didn't realize that with all the friends and ministry and everything else in my life, I had grown further away from God. I still loved him and served him, but nothing was the same. God was no longer the center, the foundation, and the focal point of my life...Now that I was in this desperate situation, none of those things could help me. Only God could! - *Book excerpt*

ABOUT THE BOOK

# Readers say:

“ **A must read for anyone going through a difficult time in their life!**

No matter what your difficult circumstance may be, *Born to Walk by Faith* will change the way you see yourself and the unexplained events in your life. The author shares with you the key to finding peace, happiness and joy amidst those difficulties. This book is an incredible resource and a must read for anyone going through a difficult time in their life!

“ **Chronicles a walk of faith in modern times**

One of those rare books that chronicles a walk of faith in modern times. We all know about the giants from faith's past, but what about today, who is living the life of the Holy? Clare Fletcher takes us through the reality of today and proves as did Job so many thousands of years ago that a person can remain faithful to God through whatever trial or trouble may come into one's life. In the book she teaches the main ingredients for gaining victory; therefore, read, apply, and experience victory in your life.

“ **Gets down to the unvarnished, unadulterated truth of the gospel**

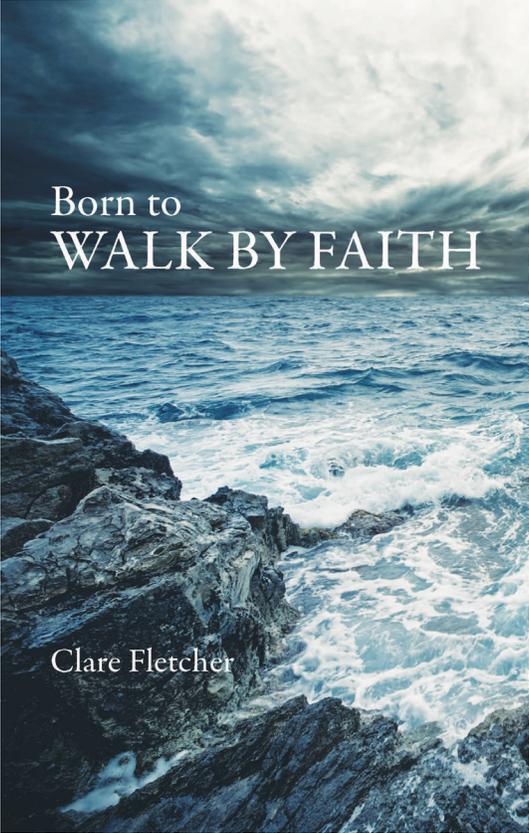

Clare's story strips away religiosity and gets down to the unvarnished, unadulterated, truth of the gospel - trust in God, for he has come to save you, and to create, and develop you into the person that you were always meant to be, if you will only let him. Clare's story truly highlights an unfolding destiny of childlike faith, and what it means to be a trophy to the goodness and grace of a God that never leaves us to struggle alone in life challenges, but is with us through it all.

“ **Rignited my passion and my faith**

Reading this book has re-ignited my passion and my faith. It has given me a new prospective in terms of my marriage and what it means to truly love even when I don't want to. It has caused me to want to go the distance in every area of my life. Reading this book when I did was an answer to prayer and came when I needed it the most.
